

Drexel Chemical Company

September 9, 2016

Drexel Chemical Company is announcing several position changes as well as new hires. Mark Stewart has been promoted to Director of Sales and Marketing reporting to Ben Johnson President of Drexel. Mark has held various positions throughout his tenure with Drexel including Mid-south Salesman, Inside Sales Manager, and National Sales Manager.

Strick Gresham has been promoted to National Sales Manager of Drexel. His most recent position with Drexel was Florida and Puerto Rico Salesman. He will report to Mark Stewart and brings a wealth of experience including Distributor, Retail, and Supplier management positions with MANA, HESCO, Terra, and Mobay.

Scott Messer has been named Nutritional Manager of Drexel. He was most recently with Compass Minerals before joining Drexel, but has worked with SQM, EnviroQuest, as well as several turf companies. Scott's experience will help him in overseeing the continued growth and direction of our Nutrient Solutions Portfolio. He will be reporting to Ben Johnson while working closely with Mark Stewart.

Kirk Barnes has been named Mid-South Salesman. He is a graduate of the University of Arkansas at Monticello with a B.S. in Ag Business. He has a working knowledge of row crop and vegetables crops having worked on his family produce farm in Monticello, Arkansas and row crop consulting in McGehee, AR. He will report to Strick Gresham.

Headquartered in Memphis, TN Drexel Chemical Company is a leading manufacturer of Agricultural, Turf, Vegetative Management, and Industrial Products offering post patent chemistries, nutrients, adjuvants, and specialty products.
